

ReClam the Bay (RCTB) is a local 501(c)3 charitable organization, operating primarily in the Barnegat Bay estuary. RCTB provides education about the Barnegat Bay watershed (which includes Barnegat Bay, Manahawkin Bay and Little Egg Harbor Bay) – how to conserve and improve it through shellfish-related, sustainable and resilient stewardship projects. We fund most of our work, including all educational efforts, via donations. We do most of our fundraising through educational sessions and the sale of RCTB gear and raffle tickets at local community events. Raffle sales are a huge component of our annual income. This year, RCTB is offering two raffles.

Tickets are \$5.00 each for each raffle. Two prizes per raffle, two chances to win. The drawing will occur on October 3, 2021, at the Chowderfest Bayfront Festival.
